

CAB-FIB-LCLC-MM-3M

OPTIC FIBER CABLE

FEATURES

- LC-LC Dual-Core Multi Mode Fiber Optic Jumper Cable
- Insertion loss: $\leq 0.3\text{dB}$
- Type: Multi Mode
- Operating Temperature: -40°C to 80°C
- Material: PVC

SPECIFICATIONS

Connector Type	LC - LC
Core Diameter	62.5 / 125um
Jacket Diameter	2.0 mm
Length	3 m
Material	PVC
Color	Orange

*All product specifications and product images are subject to change without notice.

APPLICATIONS

An optical fiber communication system
Optical access network
Fiber-optic data transmission
Fiber optic CATV
A local area network (LAN)
Test equipment
Fiber optic sensors
